

Standard Flexibility Statement

A Note on flexibility

Every individual who undertakes an Activity Badge should face a similar degree of challenge and as a result some requirements may need to be adapted.

It is completely acceptable to change some of the requirements of the badges to allow individuals to access the badge (for example where there are special needs, cultural issues, or religious considerations to take into account) and the requirements outlined for the Activity Badges in this book do allow for some flexibility in order to obtain the badge.

If you would like help or advice when considering adapting the requirements of a badge please contact the Scout Association.
